

# Climate Change, Climate Justice: Lessons from Copenhagen

Saturday, Feb. 13, 2:30 pm

## Community Room, Schlow Centre Region Library

In December, tens of thousands gathered from around the world from government, civil society, and industry to explore one of the most pivotal issues of our time. . . and lay a roadmap for the future. Three Penn State professors were there. Now you can hear their reflections on this global emergency and its impact on our community in Center County.
